Anti-Slavery Policy	

The M&M Contractors Purchasing Department use the following steps to ensure that our Suppliers are compliant with the Modern-Day Slavery Act 2015:

- Due diligence assessment of supply chain relating to slavery and human trafficking.
- Clear supply chain mapping to establish areas of risk and mitigate them.
- All buying of goods are completed by the M&M Contractors Purchasing Department.
- Training in the form of Toolbox talks and Company bulletins have been developed about slavery and human trafficking.
- Supplier Contracts have all been updated to include an obligation that suppliers will comply with the Act and ensure that their suppliers and sub-contractors will too

M&M Contractors have also expanded our 'whistleblowing' policy to cover any concerns about slavery or human trafficking.
